CHARGING INSTRUCTIONS

This vibrator arrives with a partial battery charge of about 30%. It is recommended to use up the partial battery energy before charging the toy for the first time. It is also recommended to fully charge toy the first 3 times in order to maximize battery life.

Connect the USB plug into the USB port of your computer or other output and the other end of the DC charger into toy's input.

Initial and subsequent charges will take about 60 minutes to complete. The indicator light will flash while device is charging and remain solid when toy is fully charged. There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time.

Charge lasts for about 150 minutes of play time on the lowest level of vibration, and about 90 minutes on the highest level.

This toy operates at a sound level of less than 60db with a rechargeable 220mAh lithium battery, at 3.7V.
