

GP DATEX & MESH LACE UP SHORT

A pair of shorts made of Datex with mesh side panels, that has a little extra: the side panels have lacing so by releasing or drawing the strings you can show more or less skin. The shorts have a tight hot pants cut and close with a zipper and button at the front. If you combine it with the Guilty Pleasure Datex & Mesh Top with lacing, you'll have a stunning outfit.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
