

## GP PRINTED DATEX STRIPED TEDDY

The black body from the Guilty Pleasure collection has a striped latex print in a sexy open pattern on a transparent knitted fabric that is highly elastic. The material is flexible and stretchable, which ensures a great wearing comfort. Thanks to the Datex print this body has a unique look, following all the body curves smoothly. The deep V-neck combined with the semi-transparent material are great for a sexy look. This printed Datex body combines beautifully with other items from the Guilty Pleasure Datex collection.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside. The unique features of this material offer unlimited and revolutionary possibilities in the production of the clothing. These latex garments can be sewn in a traditional way without the gluing process as with latex. What's more, the seams are stronger thanks to the unique quality. This means hardly any customer complaints about defects.
